Davis Parent Nursery School (DPNS) is proud to be celebrating 62 years of service to the Davis Community. As part of the Davis Joint Unified School District, DPNS provides a rich learning environment for preschool children while educating parents and families through the Adult Education Program. We are a family-centric program that offers children the opportunity to grow intellectually and emotionally in a safe and nurturing environment. Our school is enriched by a broad spectrum of families, and our parents all contribute time, energy and talents to make this cooperative program successful.

Like all of our public schools, DPNS has been adversely affected by recent budget cuts, making the success of the DPNS annual fundraising auction more important than ever. Donations help us maintain the high quality of our very unique educational program, including financial assistance tuition grants. After reviewing input from our families and alumni, your business was identified as a place that would interest our families.

With this letter, we respectfully request your consideration for a donation for our fundraising auction to be held on March 26th, 2011. Donations received before **February 25th, 2011** will be showcased to our large and loyal audience in our printed and on-line catalog and on our website. This auction catalog will be seen by hundreds of DPNS families and supporters. Auction guests, and all DPNS families, are strongly encouraged to patronize those vendors who contribute to our event.

Thank you for your consideration of this request. Donations are fully tax deductible (our Non-Profit Tax Status Number is 94-1210533). Donations may be sent to the attention of Katie Lyon at the address above. If you have additional questions please feel free to contact me at (530) 848-3547. We appreciate your time.

Sincerely Yours,

Katie Lyon

2011 Auction Coordinator
